

Sat. 7/6/80

~~Dear Mrs. David H. Carlson~~

I couldn't mail this on our trip as your last letter which I brought along didn't have your return address on it and I hadn't noticed it before. When we left Lake Chapala we went to Sunnyvale and saw Bernice & Charlie in Marblon and had a great time. All the land in Eastern Mich. is covered with the white ash from the eruption. We are having beautiful Indian summer weather.
